

SUMMER BREAK TIME

Demolition and excavation works will not be permitted within tourism areas during the coming three months of summer. The Malta Tourism Authority (MTA) in collaboration with the Building Regulation Office (BRO) and the Planning Authority have identified the localities and streets where such works will not be permitted, between the 15th June and the 30th September 2019.

Any illegal excavation and demolition works carried out during this period, in the identified localities and streets, may be reported to the Building Regulation Office on telephone number 2292 7608 (during office hours) or 99637508 (after office hours).

The Malta Tourism Authority is the Competent Authority to identify the localities and streets where demolition or excavation works cannot be carried out. MTA reserves the right to change or amend the list of streets as it deems necessary.

TOURIST AREAS - 2019

The following is a list of localities and streets defining 'Tourist Areas' for the purposes of Legal Notice 295 of 2007.

This list is being issued by the Malta Tourism Authority. The Authority reserves the right to change/amend this list from time to time.
